Staying Busy

Respond to Firewall Policy

Assist NDE Development
Legacy Support

Staying Busy

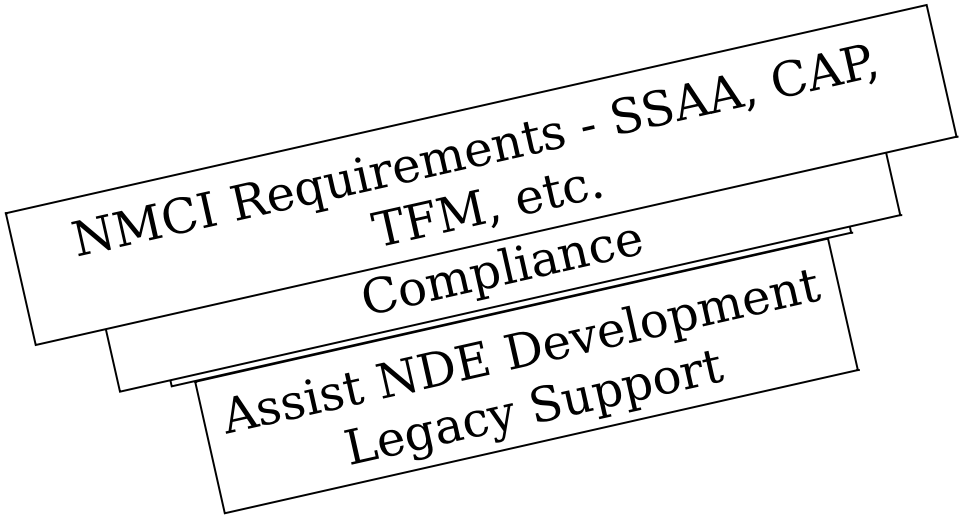
Develop plan for Firewall Compliance

Staying Busy

NMCI Requirements - SSAA, CAP, TFM, etc.

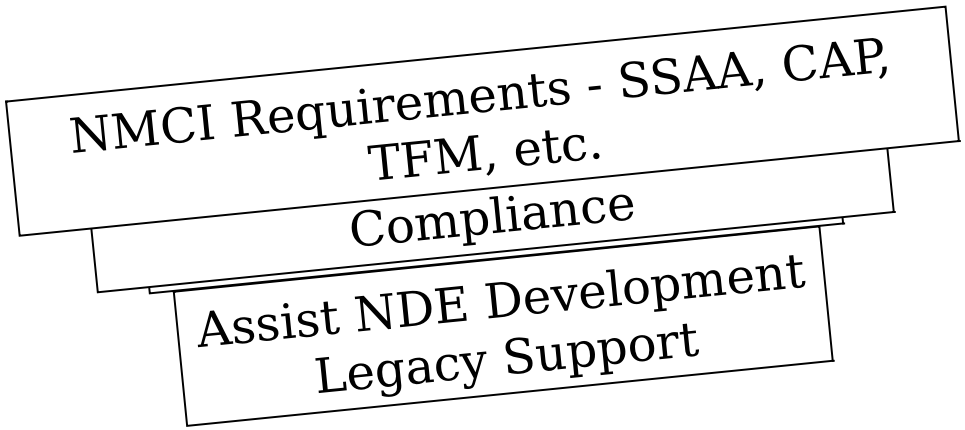
Staying Busy

Complete logistics documentation and final responses to Firewall Policy



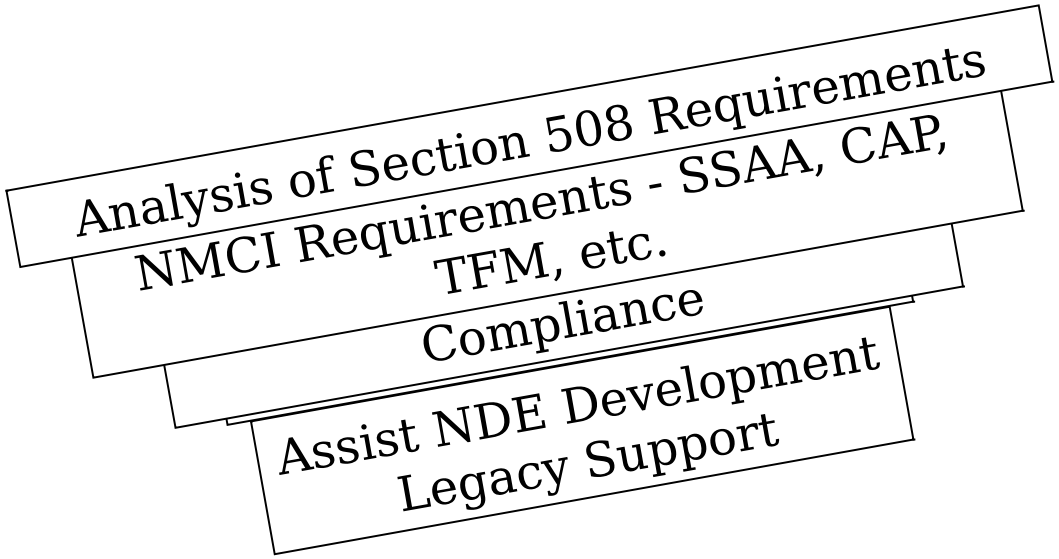
Staying Busy

So we tip back - but
Analysis of Section 508
Requirements



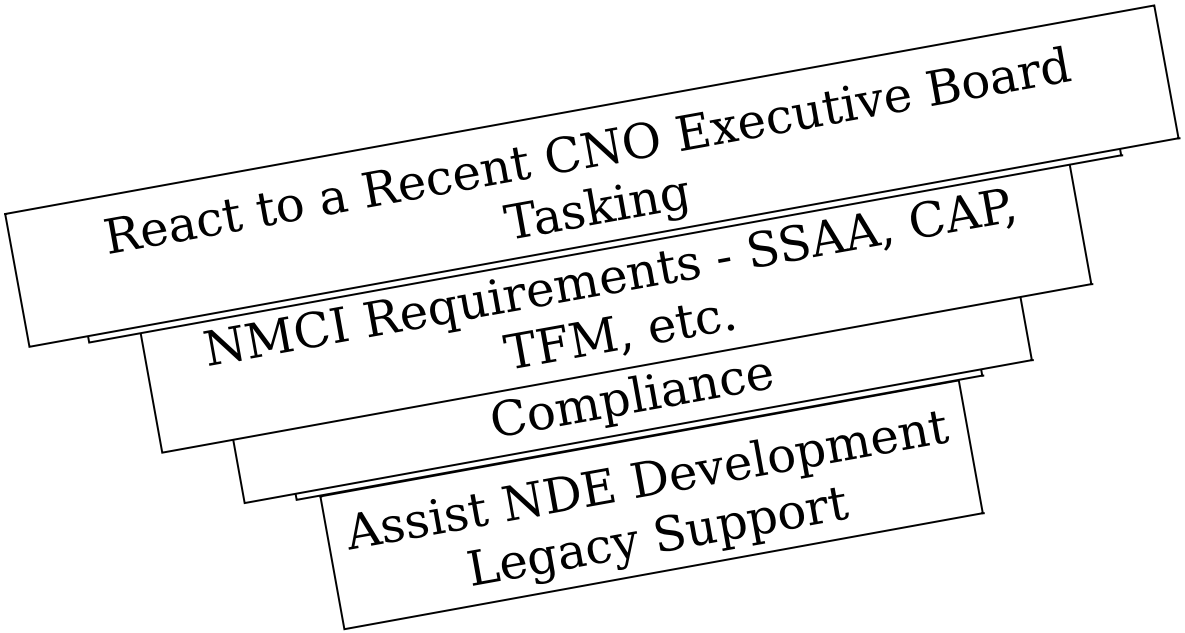
Staying Busy

React to a Recent CNO Executive Board Tasking



Staying Busy

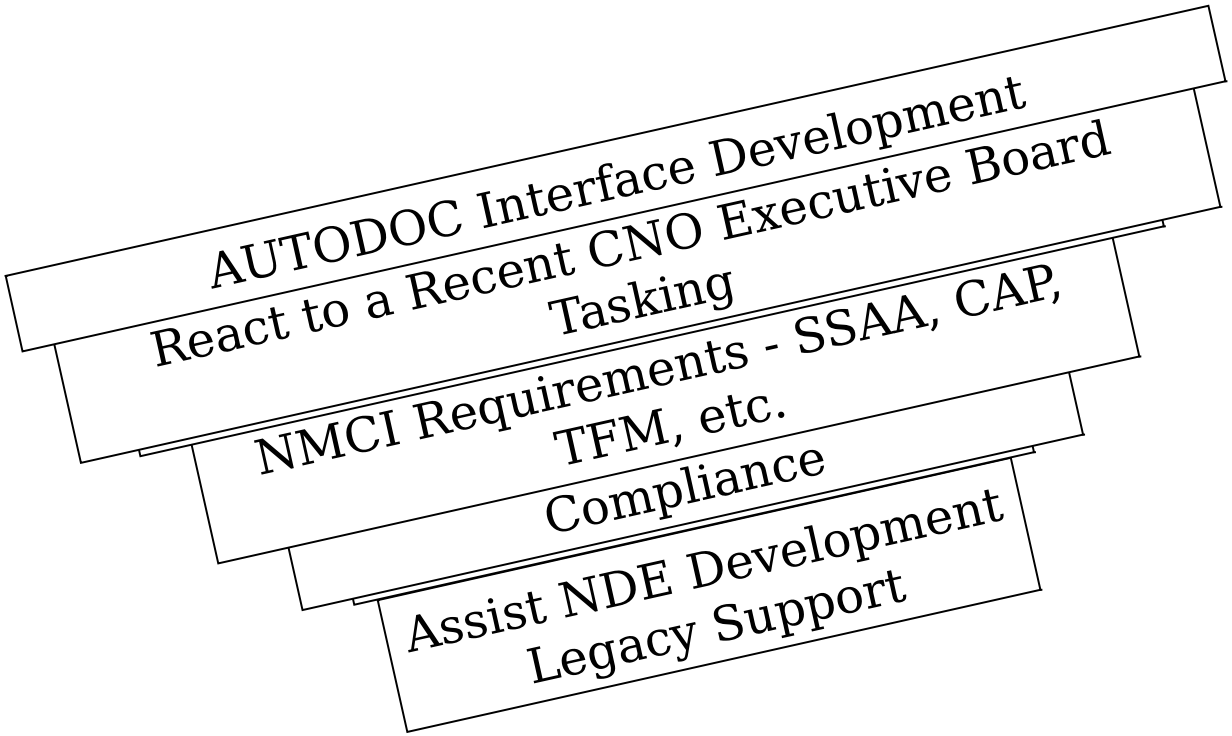
AUTODOC Interface Development



React to a Recent CNO Executive Board Tasking
NMCI Requirements - SSAA, CAP, TFM, etc.
Compliance
Assist NDE Development
Legacy Support

Staying Busy

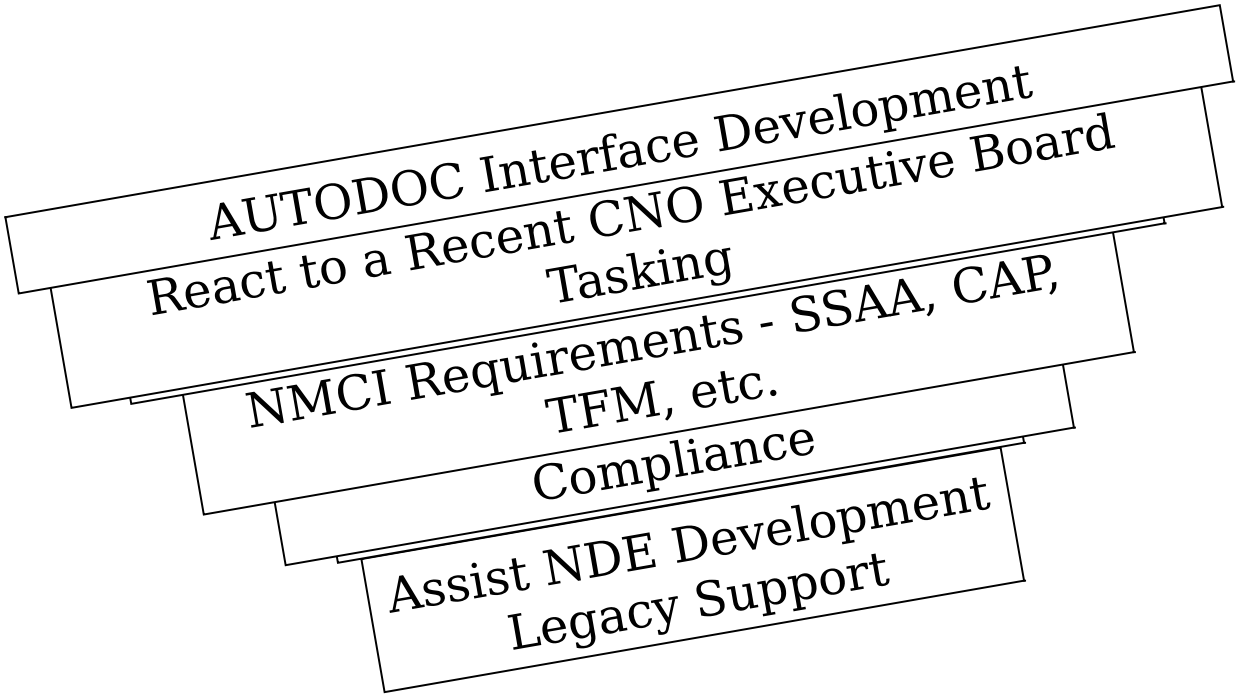
We complete NMCI and CNO stuff



AUTODOC Interface Development
React to a Recent CNO Executive Board Tasking
NMCI Requirements - SSAA, CAP, TFM, etc.
Compliance
Assist NDE Development
Legacy Support

Staying Busy

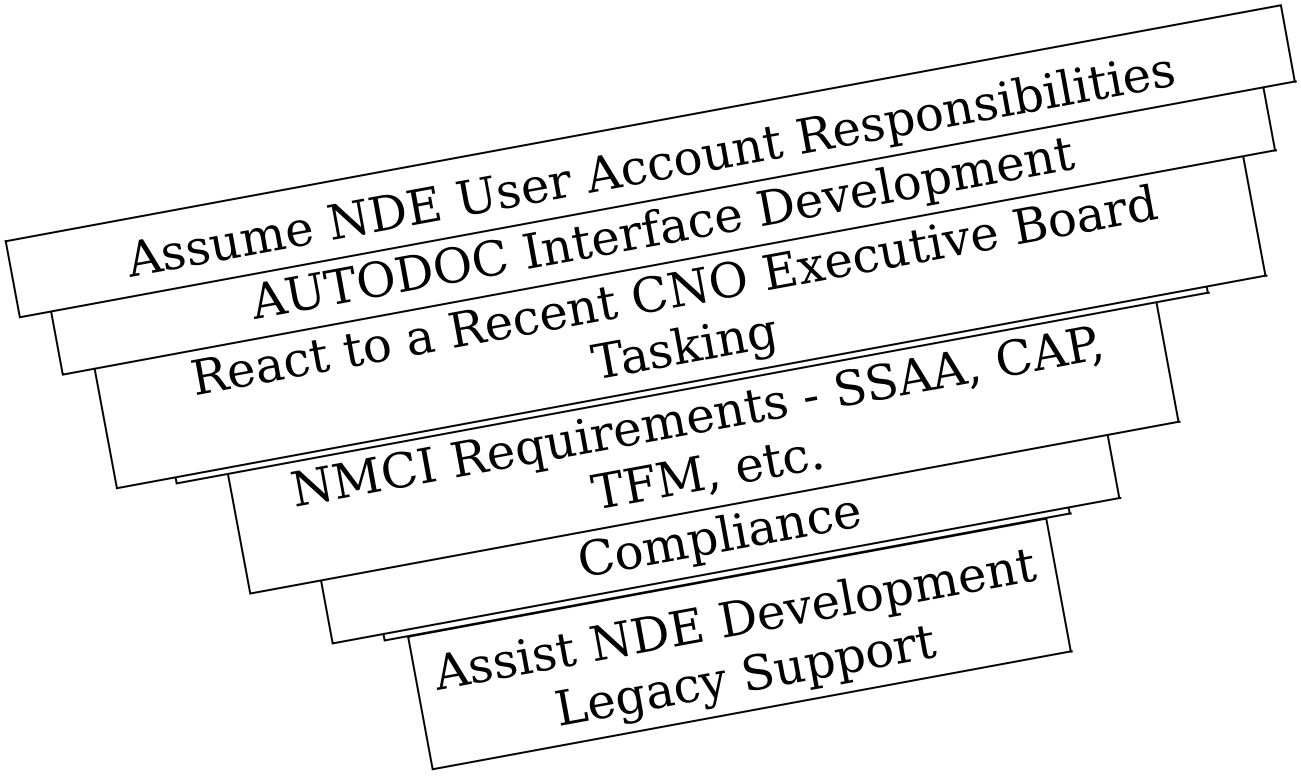
So we tilt back - but
Assume NDE User Account Responsibilities



AUTODOC Interface Development
React to a Recent CNO Executive Board Tasking
NMCI Requirements - SSAA, CAP, TFM, etc.
Compliance
Assist NDE Development
Legacy Support

Staying Busy

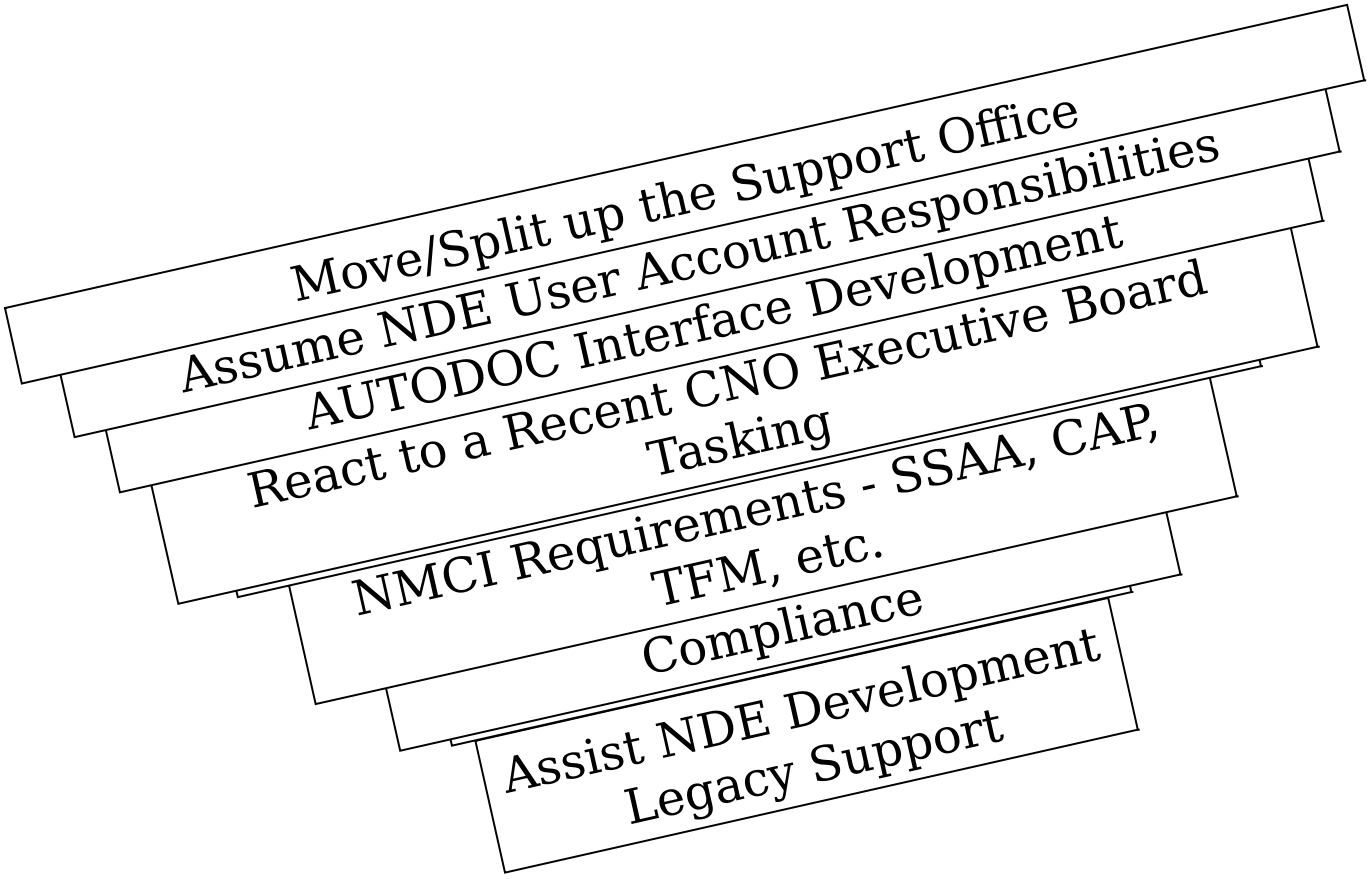
Move/Split up the Support Office



Assume NDE User Account Responsibilities
AUTODOC Interface Development
React to a Recent CNO Executive Board Tasking
NMCI Requirements - SSAA, CAP, TFM, etc.
Compliance
Assist NDE Development
Legacy Support

Staying Busy

But we still remain dedicated



Move/Split up the Support Office
Assume NDE User Account Responsibilities
AUTODOC Interface Development
React to a Recent CNO Executive Board Tasking
NMCI Requirements - SSAA, CAP, TFM, etc.
Compliance
Assist NDE Development
Legacy Support

Accomplishments

- **Documentation Effort**
  - **Logistics Module**
    - **Final ‘As Is’ Baseline Completed**
    - **User comments received**
    - **Adjudication/Validation meetings held**
    - **‘To Be’ requirements being integrated**
  - **Program & Execution Modules**
    - **Draft ‘As Is’ Baseline submitted for review**
  - **Data Dictionary**
    - **Access Database Developed**
    - **All Data Elements Identified**
    - **Ownership & Cross-Reference applied**

Accomplishments

- **FMPMIS/NDE Interface requirements**
- **Alt/Avl NDE Database Structures**
- **Database Replication procedures for NDE**
  - **Operational**
- **Firewall/Security Requirements**
  - **Client upgrades**
  - **SSAA, CAP, SFUG, TFM**

Future

- **Firewall/Security compliancy**
